Mullion is part of the 1NCA Readers range and is available in three versions, including an option with a numeric keypad.

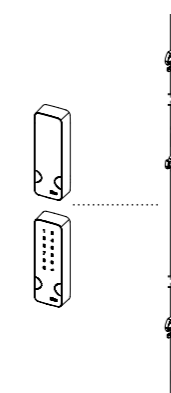

MULLION RELAY AND MULLION KEYBOARD RELAY

Devices with on-board relay for direct operation of electromechanical gates, for simple installation without additional devices.

MULLION LOCKBUS AND MULLION KEYBOARD LOCKBUS

Lockbus devices for operating electromechanical gates in combination with the electric lock actuator. With this option you can position the control actuator in a safe position.

MULLION 485 AND MULLION KEYBOARD 485

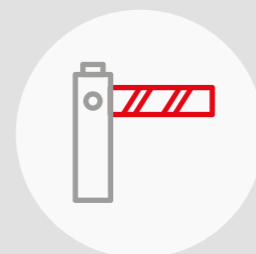

RS485 devices for door operation with Multiblindo Smart lock by ISEO.

CONTEXTS OF APPLICATION

All 1NCA readers are particularly recommended for these installations.

Turnstiles

Motorized bars

Garage doors

Sliding gates

Electric gates

THE IDEAL SOLUTION FOR NARROW PROFILES

1NCA Mullion is particularly recommend for installations on glass doors and on narrow profiles thanks to its elegant and slim design.
